a change.

Authore's Claims Russia  
Is "A World In Creation"

Irina Skariatina Spoke At  
People's Forum

Russian Princess Discusses  
"The Rebirth of a  
Nation"

"RUSSIA of today and Russia of yesterday are two entirely different countries" said the Russian-born Princess, Irina Skariatina. "The only way to understand Russia is to study it from every point of view, and a knowledge of the language should be acquired. Irina Skariatina was active during the war and revolution. Her father was killed by revolutionists, her mother imprisoned several times and she herself taken prisoner and almost killed. During the war she worked in the hospitals and in 1922 she took a degree as Doctor of Medicine. After an exile of several years, the Russian Government granted her a passport, and in 1932 she made her first return visit to the land of her birth and was the first titled Russian aristocrat to re-enter the Soviet Union.

"The Rebirth of a Nation" was the subject of Irina Skariatina, who spoke last night at the People's Forum. Mme. Skariatina intended to speak forty-five minutes, but was carried away, and carried her audience away with her great enthusiasm for two hours.

She alluded to the present regime in Russia and pointed out that the slightest revolt against the government was considered much worse than murder of the cruelist description. She also said that the confessions of the condemned men might have been due to the national temperament, or a religious feeling of confession. "A world in creation" was her description of new Russia.

"The new generation has grown from since the days of the Czar; all are educating themselves, and the peasants are losing their inferiority complex, with the coming of knowledge". She went on to say that Russians do have a family life. They work seven hours a day. The married women do not need to work unless they choose. If they do, they leave their children at kindergartens or schools, which, if not as grand as ours, are clean and healthy. In the evenings they may either stay at home or go to night schools and study whatever they wish.

Divorces are very frequent but now they are less numerous and women limit themselves to three in a lifetime. They are allowed to have small banking accounts, but those people with high salaries are taxed so heavily, that those with the highest salaries get, in the end, no more than those with the lowest. If one wishes to get a car license, it is a much more complicated matter than that which we know, for as well as learning how to drive, one must learn how to pull the car apart and put it together again.

"World peace will only be attained by understanding", Irina Skariatina concluded.

Two Luncheons  
Planned For This  
Week By Society

THE German Club of McGill has decided to have a second weekly luncheon. It will be held on Tuesday at one o'clock in the Union. This decision is due to the fact that the luncheon on Wednesday is so well attended. This increasing popularity is undoubtedly due to the fact that the students have found themselves making a noticeable improvement in German and at the same time enjoying themselves. All members of the German Club, and any students who formerly studied German for a couple of years and wish to brush up their knowledge of the language are welcome to these luncheons. The professors, and the students who have acquired a certain fluency in German try to sit besides those who still have difficulty in conversation in order to help them.

Since the Convenor of the Committee cannot know how many people to expect at these luncheons, lists will be put up on the notice board in the Art's Building. Those who plan to attend the luncheons are requested to sign the lists. These lists will be put up on Monday morning. One will be taken down at eleven on Tuesday the other at eleven on Wednesday. Those who can, are of course, encouraged to attend both luncheons.

Reporter Finds  
Shearer Mother  
Very Attractive

Mother of Montreal's Star  
Discusses Daughter's  
Plans

By P. A.

HEREDITY has been vindicated. At last we know where Norma Shearer's celebrated beauty and charm come from. Mrs. Shearer, interviewed at the Mount Royal Hotel, where she is staying, supplied the solution.

Clad in a becoming velvet housecoat, Mrs. Shearer gave her interviewer much interesting information about her daughter, the erstwhile Montreal girl, in spite of the fact that she was very busy, trying to see as many as possible of her old friends in town. She spoke of Miss Shearer's grief over the great loss she suffered in the death of her husband, Irving Thalberg, and her subsequent serious illness, from which she has fortunately completely recovered.

According to her mother, Miss Shearer will probably continue her career, possibly starring in Maria Antoinette, though this is by no means definite. At present, she is leading a very quiet life with her two young children, Irving and Katherine, whose pictures show them to have inherited their parents' good looks.

Mrs. Shearer recalled the happy childhood of her children in Westmount, and said that Norma hoped to return to Montreal some time, to renew her old friendships here.

Douglas Shearer, too, has done his share to put his home town on the movie map, in the technical side of the business. Miss Shearer's sister, Athole, now happily married, bears a striking resemblance to her sister, which has resulted in confusion among the more careless columnists in New York.

The delightful interview with Mrs. Shearer left your reporter with a conception of the famous star as a lovable, human person, as well as a fine actress.

Knowledge Topic  
For Discussion At  
Philosophers' Club

IN an attempt to determine what the modern conception is of those things which constitute human knowledge, Professor R. D. MacLennan will open the discussion on the question "What is Knowledge", to be held at the meeting of the Philosophical Society tomorrow evening, at Strathcona Hall at 8:15 p.m.

The professor is particularly interested in discovering whether the knowledge we have serves a merely utilitarian purpose, or whether the individual's attitude towards life is vitally affected. A further question to be asked is whether knowledge as envisioned by Plato will ever be realized.

Bloodstained Relics Lead To  
Search Of Union Basement

By A. B. S.

A NUMBER of blood-stained pins on the floor of the Union basement nearly sent a reporter on a hurry call to the Biological Building for the bloodhounds, but the proximity of the Revue office led first to a further examination of the premises. After careful investigation, it was found that the gore was that of an unsuspecting chorine who had been attacked for a fitting. A number of other interesting things were found on the floor inside the office, such as tufts of hair torn from the head of some worrying member of the executive, angry letters from chorines who had been eliminated, and the like. In short, with the Revue a little over a month away, activities in the Union basement are becoming quite hectic.

The Executive wish to have all skills and music in their hands by the end of the week. It was announced last term that prizes would be awarded for the best skills. For the best the prize will be two tickets to the show, and a ticket to the Cabaret; for the second best, two tickets to the show.

Another prize of two tickets to the show will be awarded for the best design for the Programme Cover. The design must be submitted in two weeks time, or by Sunday, Feb. 14th, and with provision for two colours. Try-outs for speaking parts in the show will commence today. Those wishing to take part in the cast may report in the Grill Room of the Union between 3 and 4 today, Tuesday and Wednesday. Any students who feel talented, and wish to play in the orchestra (mouth organs and combs not included) may give their names to Gordon Rathie, or to the Producer in the Revue Office.

British Non-Intervention Policy  
In Spain Liable To Criticism

Inter-Class Arts  
Debating Society  
Elects Executive

AN Inter-Class Arts Debating Union has been formed to give students an opportunity to become proficient in Public speaking. It was announced last Friday afternoon. At that time a preliminary meeting was held, when John MacNaughton was elected president and Leashord Beaton secretary.

Meant as a training-ground where the student might have ample opportunities to augment his good points, and lose his bad ones, the society has no definite limit as to membership. No eliminating will be done to keep a student from participating, but there will be contests at which a trophy will be awarded to the final winner.

The choosing of subjects and the arrangement of a time limit will be decided later on.

Thomas Addresses  
Open Meeting Here

American Socialist Speaks on  
Future of Present  
Generation

PRINCETON GRADUATE

Was Candidate for Presi-  
dency in Recent U.S.  
Elections

Norman Thomas, Socialist Presidential Candidate in the recent American elections, comes to the McGill campus this Sunday to address an open meeting of the Social Problems Club, to be held in The Union Reading Room at 3 P.M. One of the present-day speakers in America today on social questions, Mr. Thomas has chosen as the subject for his address, "The Outlook for Your Generation."

As head of the Socialist Party of the United States, Executive Director of the League for Industrial Democracy, and contributing editor of the "Nation and The World Tomorrow", Norman Thomas is considered by many to be among the world's "clearest, most civilized spokesmen for the Brotherhood of Man to come."

Mr. Thomas, a native of Ohio, graduated from Princeton University and the Union Theological Seminary in 1906. He held the position of associate pastor of the Brick Presbyterian Church in New York City, and later, as Director of the American Parish, did extensive work among the immigrant population of the upper East Side.

Resigning his position in the Church during the World War, he served, successively as Secretary of the Fellowship of Reconciliation, Editor of the "World Tomorrow", and Associate Editor of the "Nation". In the fall of 1922 he resigned from this position to devote all his time to the League for Industrial Democracy. Later, as head of the Socialist Party, Mr. Thomas was a candidate for the presidency of the United States in 1928, 1932, and 1936.

To quote the Rev. John Haynes Holmes, "Norman Thomas is a speaker of great ability, whose addresses are always of tremendous interest. He speaks from as wide a fund of information and experience as any man on the public platform today."

Mock Parliament Will De-  
bate Spanish Situation  
Tonight at 8:30

MEETING IN UNION

Prominent Graduates Will  
Lead Opposing Parties —  
Hugessen Speaker

THE non-intervention of Great Britain and France with regard to the Spanish war will come under fire at the Graduates' Mock Parliament tonight as the Old Boys debate the subject: "Resolved That the democratic countries of the world have betrayed Spain". Mr. David Lewis, as Prime Minister, will introduce the resolution, and Mr. Harold Lande will act as leader of the Opposition.

The speaker of the House will be the Hon. A. K. Hugessen. Parliament will open at 8:30 tonight in the ball-room of the Union.

The Hon. Mr. Hugessen, one of McGill's most prominent graduates, has had a long career as a lawyer in Montreal and he was recently appointed to the Canadian Senate. The Prime Minister, Mr. David Lewis, spent some years at McGill, where he played an active part in campus activities, and then went to Oxford University as a Rhodes scholar. While at Oxford he continued to participate in debating in the Debating Union, and achieved the distinction of being elected President of the Union.

Lawyers Present

Professor F. R. Scott of the Faculty of Law will also take part in the debate. Professor Scott is well-known as a speaker and authority on constitutional law. Other well-known professors, lawyers and businessmen have stated that they intend to be present. Among these are Professor Forsey, H. Carly Goldenburg, Rev. A. J. Marshall, Edmund Collard, Alex. Edmondson, A. H. Sefton, Ken Baker and Laurel Carroll. In addition, all students will be allowed to express their opinions freely.

The situation which has arisen in Europe as a result of the Spanish war makes the subject of paramount interest, and this consideration added to the interest in the incidents of the war itself seems to justify the expectation of a good turn-out.

Plans For Annual  
Newman Club "At  
Home" Completed

Howard Simpson and His  
Privateers Will Provide  
Music

THE Main Ballroom of the Windsor Hotel will be decorated in McGill Red and White when the Newman Club holds its eighth annual "At Home" there on next Friday, February 5. Howard Simpson and his Privateers have been selected to provide the music for the dance, which is the most important yearly function of the Newman Club. Sir Edward Beatty, Desu Johnson and John T. Hackett have consented to act as Patrons for this year's "At Home".

Tickets which are 6 dollars a couple, and 5 dollars a couple to club members who have paid their fees, are available from Bert Yates at the Tuck Shop or from faculty representatives.

Representatives of the Toronto and Queen's Newman Clubs will be in Montreal to attend, and according to latest reports, this year's "At Home" promises to be as great a success as any in the past. A greater attempt is being made this year to solicit student attendance.

Tupper Speaks On  
Montreal Orchestra

The R.V.C. Music Club is holding its first meeting of the new year in the R.V.C. Common Room at 9:30 p.m. on Thursday, Feb. 4th. Final plans have been completed for the program, and Mr. R. de H. Tupper of the McGill Conservatory of Music will be the guest speaker. He has chosen for his topic the Montreal Orchestra, and will make use of gramophone records to illustrate his discourse.

The club offers an excellent opportunity for music lovers at the University to hear lectures and discussions on that art given by famous musicians. Those who are really interested in music should welcome this chance to meet and discuss various aspects of their favourite art.

The social side of a co-ed's life has address by Mr. Tupper.

Criminal Lawyer  
Situation Tonight

MR. R. S. Calder, distinguished criminal lawyer, will address the Graduate Students Association tonight on the economic conditions existing in the world today, with special reference to future possibilities of the Capitalistic system. The meeting will take place in the Union Grill Room at 8:15 P.M. Principal Morgan, Dr. F. M. G. Johnson, honorary president of the Association and several members of the faculty have signified their intention of attending. Prior to the address, there will be a short general meeting when the future activities of the Association will be discussed.

Following the meeting, the members will adjourn for bridge, and dancing, and refreshments will be served. A nominal charge of 25c will be made.

Eclipse Phenomena  
Studied In Siberia

Harvard and M.I.T. Expedi-  
tion Took Observations  
Last Year

NEW DATA OBTAINED

Corona Photographed And  
Spectrum Investigated  
With Spectograph

Colour photos of a total eclipse of the sun were obtained for the first time on June 19th, of last year by an American expedition to Siberia. Astronomers from the Harvard Observatory, the Massachusetts Institute of Technology, and the National Geographic Society all took observations of the eclipse. The work of the Harvard-M.I.T. expedition was described to the Royal Astronomical Society last Friday night by its leader, Dr. D. H. Menzel, Assistant Professor of Astronomy at Harvard University.

The site chosen by the party was at Ak Bulak, a village about eight hundred miles southeast of Moscow in Asiatic Russia.

This location was chosen two years in advance, taking into consideration the probability of a clear sky, temperature, freedom from dust storms and

Forty Bridge Fans  
Met Last Thursday

The McGill Bridge Club finally started its activities in the new year last Thursday evening, as forty members were in attendance. The change in date from Tuesday to Thursday was expected to have its effect on the attendance, but as was conclusively proved Thursday last, such was not the case.

Announcement was made to the effect that the annual Student-Professor Bridge Night will again be held this year, February 20 being the date set. It will be recalled that last year the professors decisively trimmed their student opponents, thus wiping out the score set up by the students two years ago when the first match of this kind was held.

The play of the evening was true to form, bringing forth to the top of each section, two teams enjoying leadership for the first time. In the North-South section, Perham-Henders outscored Love-Skelton, 117½ to 115. The team of Todd-Fullerton at last gained the position expected of them. Playing in the East-West section, they placed ahead of the Misses Brennan-Brown, compiling the highest total of the evening, 122½ points.

Results of last Thursday's play:  
Possible Match Points — 180.

North-South	
1. Perham-Henders	117½
2. Love-Skelton	115
3. Pugh-Robert	110
4. Snyder-Jeffrey	97
5. Black-Lumden	90
6. Woodburn-Faulkner	87
7. Fels-Dorfman	83
8. Fre-Hanson	80½
9. Smith-Hyland	82½
10. Misses Stokes-Anderson	52½
East-West	
1. Todd-Fullerton	122½
2. Misses Brennan-Brown	111½
3. Misses Thompson-Say	104½
4. Misses Locke-Sawers	97½
5. Merrifield-Chenoweth	93½
6. W. Fullerton-Campbell	87
7. Misses Morris-Percy	82
8. Desarres-Stanford	79
9. Misses Schofield-Graham	64
10. Scott-Patterson	59

not been forgotten by the Executive, for tea will be served after the main

Bellmen Increase Lead  
Defeating U. Of M. 3-2

Victory Costly for Hockey Team as Cam Dickson Suffers  
Broken Arm — Will be Lost to Squad for Remainder  
Of Season — Pidecock Stars in Win, Taking Part in  
All Three Goals — Barsalon Prominent in Nets

By Eb. Cutler

A WEARY McGill hockey team won the Beaubien Trophy at the Forum Friday night when they took a 3-2 victory over U. of M. in two periods of furious hockey which robbed them of Cammy Dickson for the rest of the season.

His Loss A Blow To  
Red Team's Chances

CAM DICKISON, smooth-playing right winger whose broken arm suffered in the Intercollegiate game with U. of M. on Friday is a serious blow to McGill's chances in the Senior Group play-offs this month.

Announcement Of  
Schedule Change  
In Debates Made

Five University Radio De-  
bates Set For  
This Month

IT was reported Saturday at Colonel Bovey's office that the schedule of the Radio Debate, for February has been altered owing to certain technical complications connected with the broadcasting facilities.

The complete schedule for Quebec and the Maritime Provinces as it now stands is as follows:

- (A) On Feb. 12, McGill University vs University of New Brunswick.
- (B) On Feb. 12, Dalhousie University vs Mt. Allison University.
- (C) On Feb. 19, Bishop's University vs winner of (A).
- (D) On Feb. 19, St. Francis Xavier University vs winner of (B).
- (E) On Feb. 26, winner of (C) vs winner of (D).

These debates will all be held from 9:00-9:30 p.m. and the topic of (A) and (B) debates will be "Resolved That the history of the world has been dependent on the digestive tract. The topic of (C) and (D) debates will be "Resolved That, under present world conditions dictatorship is preferable to the parliament system." The last debate (E) will have as topic "Resolved That the prosperity of Canada depends more upon the exploitation of mineral resources than upon Agriculture."

Attention Reporters!

A general meeting of the Daily staff is being held tomorrow, Tuesday evening, at 7:45 in the Union Cafeteria. All reporters registered, whether they have been working regularly or not, are invited to attend.

ed heavily behind the U. of M. goal and came to with a broken left arm, smashed above the elbow. Dickson, now in first year Medicine, will not be able to play for the rest of the season, Dr. Tees announced just after the game.

Starting of the first period minus Duff and Lamb, who were out with the flu, the Redmen partook in a loose and listless twenty minutes with Tom Earl's boys. And it was not until the second period that the game opened up into a furious barrage against Barsalon who saved a great number of points against his U. of M. teammates.

Barsalon's game was superb, enough to rank him among the best, if not the best, goalie in the league. A hard shot from just inside the blue line from Paul Pidecock's stick got through a maze of legs and past Barsalon for the first counter. Paul made the shot while two defencemen were bearing down on him, and the goal was the spark that set off a furious, if not expert, game.

A minute later Jean Grignon, right winger, evened up the score from a scramble and though the puck was inside the blue line most of the period. A five-man U. of M. defence managed to break up a lot of McGill's plays. The period was marred by Dickson's mishap.

Crosby's shot from the side, almost abreast of the goal that snicked in past Barsalon set McGill in the lead again. Whether the goal was intended or not, no one will ever know. Crutchfield, at the mouth of the goal waiting for the pass, and it looked as though Crosby cut the angle too fine, Pidecock brought the puck down before he passed it to Bing got the assist.

And Pidecock figured in McGill's third goal about three minutes later, when receiving the rubber from Ellis, he shaded headlong into the goal, swerving out at the crease, and at the same time flicking it into the twine.

When shortly after the Oulmet-G. Grignon-Leger trio marched down the ice U. of M.'s second counter went up on the score board. Oulmet shot the goal and the other two were credited with assists. McGill, played out after their strenuous schedule, fell back to the defensive with but the occasional rush for the last five minutes of the game. The Frenchmen put on five forwards, and pressed for a tieing goal. Had the game gone into overtime, it is more than likely that U. of M. would have won.

Pidecock's three points, shoots him out further in the lead of the intercollegiate scoring list. Crosby's one keeps him up in second place. The Redmen can rest now until Wednesday when their assignment against Quebec will not be too hard to win.

The game though rough was not particularly dirty, a lot of penalties were handed out and both sides got away with a lot, but there have been a lot of spicier encounters this year. The first period was marked by a scrap when Armand and McConnell mixed it up, a bit down in the far corner, both got majors.

Early in the game Pidecock nearly lost his left ear when a hard high shot came close enough to draw blood on the side of his face. McConnell took a nasty fall, and fear was entertained for his knee. No damage was done, but his ankle got a bit of a twist. He remained in play, and played hard for the rest of the game.

The boys looked pretty done up when they came off the ice at the end of the game. Injuries always mount when the team is in that condition, and Friday was no exception.

U. of M.'s goal, Barsalon; defences, Migneault and Rivet; centre, Armand; R. Grignon and Gagnier; spares; Leger, J. Grignon, Oulmet, Gagne, McGill; goal, Tennant; defences, Melkalejohn and Ellis; centre, McConnell; wings, Walker, Pidecock; spares, Mackay, G. Crutchfield, Crosby, Dickson.

First Period

No goals.  
Penalties: R. Grignon, Rivet, Armand (5 min), McConnell (5 min).

Second Period

1—McGill...Pidecock ..... 8:00  
2—U. of M...J. Grignon ..... 4:50  
Penalties: Ellis, Pidecock, McConnell, Migneault, R. Grignon, Rivet.

Third Period

3—McGill...Crosby (Pidecock) .. 8:52  
4—McGill...Pidecock (Ellis) .... 12:15  
5—U. of M...Oulmet  
(J. Grignon, Leger) ..... 14:00

# Senior Cagers Defeat Western In Overtime—Skiers Win

## Bowes' Basket Forces Three-Way College Tie

McGill Captain Gets Winning Counter — Penalties Abundant in Close Match at London — Final Score 32-30 — Smart Varsity Squad Wins at Toronto, 40-24 — Wykes High Scorer — Stevens' Crew Flash Smooth Plays — Rutherford Leads Scorers With 11 Points Against Western — Varsity in Return Match Here On Friday

By John H. McDonald

LONDON, Ont., Jan. 30.—(Special to McGill Daily)—A great overtime victory by McGill's young basketball team over the Western Mustangs here tonight put them into a three-cornered tie with Varsity and Queen's for race. Captain Marty Bowes and his courageous Redmen lost out to a smart Toronto outfit, 40-24, at Hart House on Friday, but they came back strongly in the crucial tilt at the London Technical School gymnasium tonight. Bowes himself scoring the winning goal in the overtime to make it 32-30.

Penalties Abundant  
Ron Rutherford was leading Redmen in the Western tilt, in which Coach Wagner's crew came up against the strictest refereeing they have encountered this season. No less than 21 fouls were called on the McGill cagers, the Mustangs getting off comparatively easy with 14. Rutherford garnered 11 points to duplicate Neville Wykes' high-scoring effort of the previous night. Law Davies' Westerners displayed an aggressive style of play from the first. Alf Hurley, star footballer-cager getting a brace of field goals and three free shots to put them ahead 17-16 at the interval.

Things looked black for the Redmen but a big fight back by Van put things on the up-and-up. The Red team finally got on its toes in the second period. Penalties were being called very closely by the referees, and the Mustangs made points on their free throws, while McGill was nervous and did not capitalize one hundred per cent on their free shots. Outstanding in last-minute play were Tom Schofield, McGill's own footballer-cager, Jimmy Hunter, and Frank Giannasio, who overcame the Mustangs' early second period lead with a great Red rally which made the count even at the final whistle.

In the overtime, Bad Man Wigdor incurred a foul which Casey took advantage of, sinking the free throw. Jack, however, evened up a minute later with a free throw of his own, and Marty Bowes came through for dear old McGill with the winning basket. A large attendance of Western students greeted the unexpected turn of events with a philosophic shrug, while the Redmen proceeded to tear the town apart.

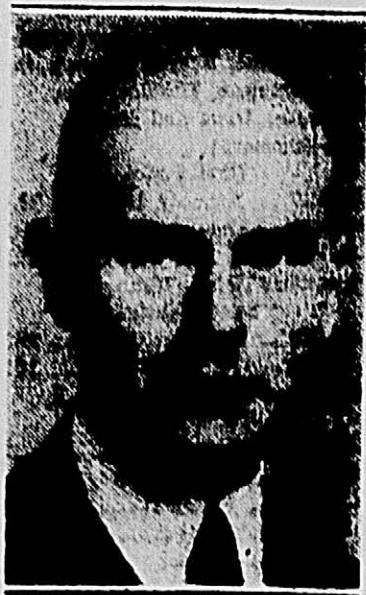

Box Score				
McGill (32):	P.G.	F.T.	Pts.	P.F.
Shipley, f.	2	4	1	
Rutherford, f.	5	11	2	
Scrifer, f.	1	3	3	
Giannasio, f.	1	2	4	2
Schofield, c.	0	0	2	
Wykes, c.	0	2	2	
Bowes, c.	2	0	4	3
Hunter, g.	0	1	1	3
Wigdor, g.	1	1	3	3
Totals	12	32	21	
Western (30):				
Kennedy, f.	1	1	3	2
Garrett, f.	1	5	7	2

Hurdley, g.	2	4	8	2
Elliott, g.	0	0	0	0
Totals	8	14	20	15

McGill definitely had an off-night at Toronto on Friday. They lacked self-confidence and showed up in a poor light. Shooting on the whole was wild, the only Redmen able to accustom themselves to the strange Hart House floor being Neville Wykes, who emerged top scorer of the evening, Jack Shipley, and Bruce Scrifer. The whole team was jittery and did not get going until late in the game. Finally Wykes flashed through with a big scoring effort, tossing in four baskets, but too late to be effectual. Toronto lacked two regulars, Neil Sullivan and Frank Dougherty, but the rest of their all-American lineup which Coach Warren Stevens has rounded up from St. Michael's College managed to run circles around McGill.

Toronto (40): Bodrug 4, Bedford 2, Hogg 6, Gold 4, Powers, Harrison 3, Dempster 7, T. Sullivan 6, Hastings 8. McGill (24): Shipley 3, Rutherford 2, Schofield 2, Bowes, Hunter 1, Scrifer 4, Wykes 9, Wigdor, Giannasio 2.

Manager Walter Murray had quite a job looking after the boys. On Thursday evening all nine men decided to go for individual walks around the Queen City, and strangely they all met in the local girls' ... Long break-fasts there, too. Jimmy Hunter dates a Royal York dancer Friday a.m. for the morning meal, which lasted four hours. "Rybs" Giannasio went "trunkin" at the "Y.M.C.A." ... Variations in mispronunciation of Marty Bowes' monicker riled the Red captain in London even to the extent of for-

### Victory For "Van"

F. M. VAN WAGNER, veteran Red track and basketball mentor, whose young but courageous hoopsters beat out the Western Mustangs in a spectacular court battle at London on Saturday. The Redmen bowed to Varsity on Friday, but are looking for revenge in the return match with Warren Stevens' Blueboys here this Friday.

### Interesting Bouts Feature Exhibitions By Light's Boxers

#### Five-Bout Card Draws Group Of Fans

Keener interest marked the bouts at the Field House last Saturday, as further eliminations were run off in preparation for stiff scraps to come. A word of explanation as to the purpose and nature of these bouts would perhaps be enlightening at this point. Their main purpose is to accustom boxers to ring boxing and to help them overcome any nervousness which they may experience. They also furnish the coach with first hand evidence of a fighter's ability and on this evidence he bases his choice of a team.

The card was opened by the Gray-Graham bout won by the latter through superior condition. Graham was runner-up in the City Championships and by the showing which Gray put up against him it looks as if he will fill the spot in either the heavyweight or 175-lb. class. Ruschin, who represented McGill in the former class last year, is again showing up at the workouts, was there Saturday as a matter of fact, will probably train down to 175 lbs. if Gray finds it impossible to make that weight.

Annett scores K.O.  
This was followed by the MacCallum-Colby fixture, at 135 lbs. Both parties concerned seemed extremely interested in ruining the other's features and as the bout ended in a draw, that was its only result. The next two bouts were run off simultaneously, Annett and Prince starting, succeeded by Olynyk and Leslie. In the second round of the former, Annett landed a couple of stiff rights to his opponent's head which laid him out for the count. The other scrap went the three-round limit and was awarded to Leslie on decision. Both of these bouts were at 145 pounds.

The last bout featured Lee and Birse and here Lee scored an upset in gaining a decision over his opponent. Birse has not had time to get properly into condition and it is expected that he will make a more favourable showing in the future.

A certain amount of outside interest is always evidenced in these bouts, and due to the efforts of Coach Light, judges are nearly always present. This provides an official atmosphere parallel in public bouts.

### M.S.P.E. Hoopsters Divide With Macs In League Game

In the city league basketball on Saturday afternoon at M.H.S. Macdonald College returned the visit of the M. S. P. E. co-eds gaining an even break in the two games played. Macdonald 1 won over M.S.P.E. 2, by 38-17, while M.S. P.E. 1 defeating Macs, 2 25-23.

In the first game between Macs 1 and M.S.P.E. 2, Macdonald College had the advantage in height, while the Phys-Es showed that they lacked practice in shooting. Billie Gordon and Margaret Jamieson were good for the losers, and W. Wilkins for the winners.

Second Game Close  
In the second game the M.S.P.E. team were winners only after a stiff battle. The game was full of suspense and the final outcome always uncertain. At half-time the score was 12-12 for Macdonald, but in the last half M. S. P. E. put everything they had into the game and came out with a 35-18 win. Millcent Brenner and Rhona Adams were outstanding for the winners and Kilt Kroeber for the losers.

## Intermediate Hockey Team Trims Grads In League Contest

Final Score 9-2 — Redmen Eliminated, By Concordia Victory

### EMERY LEADS ATTACK

The Intermediate hockey team went through another good practice Saturday afternoon when they defeated I.C.C. Grads by the score of 9-2. The game was a regular scheduled game of the Montreal Intermediate Hockey League and the second of a double-header which saw Concordia defeat a weary and leg-weary U. of M. team by the score of 6-1. Despite their victory the Red team were eliminated from any chance of making the playoffs through Concordia's victory over the French Intercollegiate team. The McGill team is in fourth place behind U. of M., Villeray and Concordia, these teams having clinched play-offs berths.

However, the Intermediate Red team is a favourite to take the Intermediate Intercollegiate Crown. The Grads led only seven men Saturday, and were not in the battle at any time. McGill's surplus man-power and flashing passing attack carried past the Grad defense at will, and only fine goal-tending by Boden in the loser's cludel averted a larger score. In the other end, Ferguson had little to do.

### Emery Stars

Vic Emery led the winner's attack, notching two goals and an assist, and turned in a fine game at centre in place of Watson Wall, who is suffering from a badly-smashed nose. Other McGill scorers were Doherty (2), Kennedy, Hushion, O'Brien, Loftus and Cox. Vic Loftus turned in a splendid game on the McGill defence, and starred along with Emery and Doherty. Smibert and Foster notched the losers' tallies.

McGill skated off the ice after the first period with a three goal lead. Taylor Kennedy notched the first at the 11:41 mark when he drilled a low one into the far corner on a pass from Emery. Less than a minute later, McGill went three up when Doherty tallied twice in 10 seconds. Anton drew an assist on the first counter, while Kerrigan helped in the second. Two penalties were given in this period, both to Grad men, Rejall and Wynna.

### Increase Lead

The Redmen went five up in the second on goals by Emery and O'Brien. Emery notched his at 12:53 when he scored on Calder's passout from behind the net. At 14:08 O'Brien took a pass from Kenny and skated in on the unprotected Boden to score number five. Grads also scored in this period, when Smibert beat Ferguson from close in, but the play was called back. The Grads protested vigorously but to no avail.

Ferguson's shutout was marred when Smibert took the puck at the face-off and let a long one fly that the goaler fanned on. The Redmen came back, however, and scored four more before the game was over when Cox, Emery, Loftus and Hushion called. Foster notched the second Grad goal on a pass from Wynna for the final tally of the game.

The lineups for Saturday's game were as follows:  
I.C.C. Grads—Boden, goal; Rejall, Wynna, defence; Allen, centre; Smibert.

### Football Captain

GEORGE R. HORNIG, veteran Red footballer who on Friday was elected senior captain by his team-mates for the 1937 fall season. This recent photograph of him is in startling contrast to the appearance of fighting "Gawdige" on the gridiron.

## Hornig Elected To Captain Gridders For Next Season

### Annual Football Banquet Held Friday at Union

George R. Hornig, Med. '38, McGill's great little lineman and outstanding defensive player since he entered the Medical School here four years ago, will be Senior Football Captain next fall. A gathering of team-mates at the annual informal dinner in the Union on Friday elected Brooklyn "Gawdige" unanimously, and cheered him to the echo when he rose to thank them for the honour. Hornig succeeds Cam MacArthur, also of the class of Med. '38. The meeting was attended by the entire coaching board, and was marked by little speech-making since everyone wished to see the hockey game at the Forum.

An all-star lineman on the Canadian Press mythical intercollegiate team for the past three years, Hornig this year was also the unanimous choice of college sports writers for the inside wing position in an Intercollegiate Press poll. Of short but stocky build, he has become famous for his clever defensive tactics, especially his prowess in blocking opposing teams' kicks. He came to McGill from St. Lawrence University in upper New York State, where he played tackle on the varsity team, and is the second American-born student to hold the Red and White captaincy. Charlie Littlefield, who also hailed from the States, led the 1928 and 1929 squads.

### Dr. Tees Honored

Friday's dinner was featured by a presentation to Dr. Fred J. Tees, popular club physician, who was re-elected to the office of honorary president. Of the three graduating members of the 1936 squad, Charlie Letourneau and Ian Craig were present, while Tom Schofield was with the basketball team.

## Red Team Takes Lead For MacTaggart Shield

Downhill and Jumping Events of Laurentian Zone Championships Held — Jim Houghton Captures Downhill In Record Time — Bob Johannessen Takes Second Place in Jumping — Also Second in Downhill — Tirrel Wins in Downhill in Class II.

By Bob Sproule

ST. MARGARETS, Jan. 31.—(Special To McGill Daily)—McGill skiers upheld their reputations in local skiing circles when they took six out of eight places in the Laurentian zone downhill and jumping championships held at St. Margaret's yesterday. Team points show the Red team ahead in the race for the MacTaggart Shield, emblematic of the combined championships of four events. The other two events are scheduled for February 21, and the McGill squad is pointing to further victories to retain the Shield which they won last year.

Red Birds Second  
In the team standings, the Redmen are first with 196.4 points followed by the Red Birds ski club with 183.4. The other teams entered, are far behind in the standing.

In the downhill, Jimmy Houghton scorched down the treacherous Mount Baldy course to take first place and set a new record of 1 minute, 8.6 seconds. Close on his heels came Bob Johannessen, to take second place for McGill in the first class.

In the second class, Don Tirrel lead the field, with Bob Sproule in third place, close behind Trotter of St. Sauveur. All of these men broke the former course record of 1 minute, 32 seconds.

Johannessen Second in Jumping  
Jumping through a blinding snowstorm, Norm Gagne, Olympic jumper, nosed out Bob Johannessen of the Red team, for first place. Bob has now taken major honours in three consecutive meets, and seems to be headed for great things this season. Bringing McGill to the fore again in the second class jumping, Chris Mammen gained first place, and Harold Stanforth added another prize to the collection with second place.

For the individual championships, Johannessen, the Ball brothers and Jost appear to be in the lead.

# McGill University Postgraduate Awards

The Daily has received the announcement of a number of awards for postgraduate study in McGill and various other universities in Canada, the United States and England. These awards are for the 1937-38 session. Further information may be obtained in the Registrar's Office where calendars of the various universities may be consulted.

The listing is in the following order: Name of Award, Amount, Where to Apply for Information and Last Day for Applications.

## AWARDS HELD AT MCGILL OR OUTSIDE MCGILL

The McGill Delta Upsilon Memorial Scholarship, \$700. Registrar's Office, McGill University, March 31st.

The Allen Oliver Fellowship, \$400. Head of the Department of Economics, McGill Univ.

National Research Council Awards, amount varies. Registrar's Office, McGill University, Feb. 28th.

## AWARDS HELD AT MCGILL

The LeRoy Memorial Fellowship in Geology, amount varies. Head of the Department of Geology.

The Dr. T. Steery Hunt Research Fellowship, amount varies. Head of the Department of Chemistry.

Sir William Dawson Fellowship, amount varies. Head of the Department of Mining Engineering.

Dr. James Douglas Fellowship, amount varies. Head of Department of Mining Engineering.

Dr. B. J. Harrington Fellowship, amount varies. Head of the Department of Mining Engineering.

Macdonald College Agricultural Alumni Association Graduate Scholarship, 200. Mr. Emile A. Lods, General Secretary, Alumni Association, Macdonald College, Que.

Social Research Fellowships, amount varies. Mr. L. C. Marsh, Director, Dept. of Social Research.

Sigma Alpha Mu Fraternity Alumni Bursaries, 100. Registrar's Office, McGill University, June 30th.

## AWARDS HELD OUTSIDE MCGILL

The Mowse Travelling Scholarships, \$1,250. The Dean, Faculty of Arts and Science, March 30th.

The Guy Drummond Memorial Scholarship, amount varies. Head of the Department of Economics and Political Science.

Macdonald Travelling Scholarship in Law, \$900. Dean of the Faculty of Law.

Rhodes Scholarships, \$400 a yr. Mr. A. D. P. Heaney, Secretary, Quebec Selection Committee, Rhodes Scholarship Trust, 215 St. James Street, Montreal, Nov. 10th (for the session 1936-37).

Science Scholarships. — voted by Her Majesty's Commissioners for the Exhibition of 1951, \$250 a yr. Registrar's Office, McGill University, April 1st.

Postgraduate Scholarships, granted by the Imperial Order of the Daughters of the Empire, \$1,400. The Provincial Educational Secretary, Mrs. T. J. Gullboard, 4285 Hampton Ave., Montreal, October 15th. (For the session 1936-37).

## Canadian Federation of University Women's Travelling Scholarship, \$1,250.

Miss Margaret M. Cameron, Univ. of Saskatchewan, Saskatoon, Sask., Feb. 1st.

Royal Society of Canada Fellowships, \$1,500. Secretary, Fellowships Board, Royal Society of Canada, House of Commons, Ottawa, Feb. 1st.

Belt Fellowships for Scientific Research, \$240 a yr., Registrar's Office, McGill University, April 30th, in London.

Brown University, amount varies, Registrar, Graduate School, Brown University, Providence, R.I., March 1st.

Univ. of California, amount varies, Dean of the Graduate Division, Univ. of California, Berkeley, Cal., Feb. 29th.

Cambridge University, Emmanuel College, 150, The Master, Emmanuel College, Cambridge, England, June 30, (Men only).

Cambridge University, Girton College, Alfred Yarwood Scientific Research Fellowship, \$900 a yr. for 3 yrs., The Secretary, Girton College, Cambridge, England, Feb. 1st. (Women only).

Cambridge University, Girton College, Moffat Research Fellowship in Arts, \$250 a yr. for 3 yrs., The Secretary, Girton College, Cambridge, England, Feb. 1st. (Women only).

Two Graduate Fellowships for Scientific Graduate Study in France, one of 10,000 frs., one of 15,000 frs., The Institute of International Education, 2 West 45th Street, N.Y.C., March 1st.

Univ. of Hawaii, Honolulu, Hawaii, amount varies. The Director, Graduate Division, Univ. of Hawaii, Honolulu, Hawaii, Not stated.

Iowa State College of Agriculture and Mechanic Arts, amount varies, Dean of the Graduate College, Room 110, Central Hall, Iowa State College, Ames, Iowa, March 1st.

University of Kansas, amount varies, The Dean of the Graduate School, Univ. of Kansas, Lawrence, Kansas, March 1st.

Massachusetts Institute of Technology, amount varies, Dean of the Graduate School, February 1, due to the lack of snow.

## NOTICES

Notices to be included in this column must be typewritten and left in the Daily office by seven o'clock on the night before they are to appear. The Daily cannot be responsible for Notices taken over the telephone. No classified advertising will be accepted — this may be included by calling the Advertising Manager at L.A. 2211 who will be pleased to quote rates.

### WANTED

Kent's Engineering Manual, Phone 310. This meeting is open to all who are interested.

### CONSERVATORIUM PICTURE FOR THE ANNUAL

The Conservatorium group pictures for the Annual will be taken on the steps of the Conservatorium Tuesday, February 2 at 12 o'clock noon sharp. All regular and partial students are asked to be present. A charge of five dollars will be divided amongst the members of the group.

### PHYSICS

On Tuesday, February 2, 1937 at 5 p.m. in Room 210, MacDonald Physics Laboratory, the sixth meeting of the Journal Club will be held. Speakers: Mr. C. A. Horton, Dr. W. H. Watson. Day afternoon colloquium on Mon, Feb. 1st, interested.

### FRENCH-ENGLISH CONVERSATION

French lady would like to exchange conversation with an English speaking student. For particulars apply to Miss Heasley, McGill Union.

### The McGill Student Chapter of the A.I.Ch.E. will hold their Weekly Monday afternoon colloquium on Mon, Feb. 1st 5:00 p.m. in the Chemistry and Mining Building. Continuing their policy of having two papers on co-related subjects, Mr. W. J. Tanner will speak on "The Dairy Industry" and Mr. James Dunlop on "The Pasteurization of Milk". All students interested are invited to attend, and especially the Chemical Engineers as these subjects are of particular interest to them. A short discussion period will be held if time permits.

### LOST

In Pathological Building on Saturday a Red Tartan Scarf. Finder please return to Hart.

### LOST

Stearns' "Physical Chemistry" belonging to Catherine Tierney, lost somewhere in the Biological Building. Finder please leave with Joe in the Biological Building.

### LOST

Small gold Fraternity Pin with owner's name on back. Please leave with Bill Gentlemen.

### MCGILL UNIVERSITY FLYING CLUB

A general meeting of the McGill University Flying Club will be held in the Engineering Building Tuesday afternoon at 5:15 p.m. All members are urgently requested to attend in order that a future policy of the Club may be decided upon.

### TEETH MARKS LEAD TO ARREST

Murrayville, B. C., Oct. — (CP) — A partly eaten pear was the clue which resulted in a Langley Prairie youth being committed to stand trial for setting fire to a barn at Milner, near here. Police Chief R. Macklin found the pear on the ground while inspecting the scene of the fire. The youth, whose front teeth coincided with the marks on the pear, was found after a check-up of neighboring orchards and an inspection of pupils of a nearby high school.

## Intermediate Hockey Team Trims Grads In League Contest

(Continued from Page Three) Foster, wings; Baillie, Morrison, sub. McGill—Ferguson, goal; Anton, Lofthouse, Emery, defence; Doherty, O'Brien, wings; Braden, Kenny, Kennedy, Cox, Calder, Kerrigan, Hushion, subs. Referee: Dave and Hough. The Summary:

First Period	
1—McGill .. Kennedy (Emery) .. 11:41	
2—McGill .. Doherty (Anton) .. 12:12	
3—McGill .. Doherty (Kerrigan) .. 12:22	
Penalties: Rejal, Wynn.	
Second Period	
4—McGill .. Hushion (Calder) .. 12:58	
5—McGill .. O'Brien (Kenny) .. 14:08	
Penalties: O'Brien, Smibert, 2.	
Third Period	
6—Grads .. Smibert .. 10	
7—McGill .. Cox (Kennedy) .. 3:20	
8—McGill .. Emery .. 3:28	
9—McGill .. Lofthouse .. 5:50	
10—McGill .. Hushion .. 5:50	
(Calder, Cox) .. 12:13	
11—Grads .. Foster (Wynn) .. 13:50	
Penalties: Wynn 2, Anton, Kenny.	

### No More Sour Milk If Professor's Idea Works

Berlin — Herr Theodor Hofius, a chemist of Duisburg, Prussia, claims to have solved the problem of sour milk. He has invented a process whereby milk can be kept fresh for several weeks. All gas is extracted from the milk, which is then put into stainless steel containers. Oxygen is pumped in to a pressure of ten atmospheres and the whole is kept at 100 deg. centigrade. Experiments carried out under the supervision of the State Hygienic Institute of Hamburg with 150 litres of milk, sixty litres of buttermilk and twenty litres of cream have been entirely satisfactory.

## Red Team Takes Lead For MacTaggart Shield

### Hornig Elected To Captain Gridders For Next Season

(Continued from Page Three) in Toronto. White college sweaters were presented to all senior team members, and the coaches also received suitable mementoes. Head Coach Doug Kerr, Johnny Coghney, Fred Wigle, and Willie Markham were all on hand. Clifford "Buster" Fletcher, the only absentee, is in the hospital following an appendectomy. All are expected back to lead the drills at Molson Field next September.

A good attendance of intermediate footballers marked the dinner. The announcement of the appointment of Jim Stanley, Eng. '38, as senior football

(Continued from Page Three) Marcoux, Moore, W. Ball, Bill Tait (M), Pangman (RB), Taylor (RB), Hofer, O'Dell.

Class II Jumping  
Cris Mammen (M), H. Stanforth, Cochand, Jost, Dennison, Jack Houghton (RB).

Downhill  
Don Tirrel (M) 1:20, R. Trotter, R. Sprague (M) 1:30.8, Casgrain, Skinner, R. Townsend (M), Gilday, Mammen (M), Donville, Gagne, Nesbitt, Durnford, Gilbert.

Team Championships  
Red Birds McGill  
Downhill .. 92.5 .. 100  
Jumping .. 90.9 .. 96.4  
Total .. 183.4 .. 196.4  
All other teams far behind.

manager to succeed Angus McMorran, was also made. Cam MacArthur was elected club representative to the Students' Athletic Council.

## NEXT STOP Damascus!

### CANADIAN NICKEL GOES TO SYRIA : : WEALTH COMES BACK TO CANADIANS : : :

GLIDING DOWN from Baghdad across the Syrian desert traversed only by camel caravans since prehistoric days, comes a strange, new, rubber-footed nomad of the East. Room for 35 passengers in this dreadnought of the desert. Meals served in transit. Next stop Damascus, 2 1/2 hours away.

Practically the entire body of this Pullman of the plains is Nickel Alloy Steel. Silvery Monel lines its galley. The vital parts of its power plant, transmission and axles also contain Nickel—Nickel from Canadian mines.

From deep in the earth's crust in the Sudbury Basin of Northern Ontario, thousands of tons of Nickel ore are hoisted to the surface daily. The giant smelter nearby has grown into one of Canada's largest industrial plants. Freight trains come and go, bringing timber, machinery, supplies from every corner of the Dominion.

And from the nine-acre refinery at Port Colborne, Ontario, Nickel—99% pure—is shipped to the far corners of the world following the peaceful pursuits of industry. In return, money comes back to Canada to pay wages not only to those who work in the mines, smelters and refineries, but also to those Canadians who produce the food, cut the timber, manufacture the equipment and supplies and man the railroads which feed Canada's great Nickel industry.

Growing industrial markets for Canadian Nickel throughout the world are a vital force in speeding Canadian prosperity.

### CANADIAN NICKEL FOLLOWS WORLD INDUSTRY

## Monel TUB PROTECTS DELICATE FABRICS

MONEL is used in modern commercial laundries the world over because it does not develop rough or sharp corners which might tear clothes, and because it is free from rust and corrosion which might stain the wash. And now leading manufacturers offer you electric washers with Monel tubs. Each tub like a silver bowl. Strong, sturdy, free from rust and corrosion . . . Ask to see them wherever good washers are sold.

Write for a free copy of "The Nickel Industry in 1936," a complete review of the past year's worldwide developments and applications of Nickel and its Alloys.

THE INTERNATIONAL NICKEL COMPANY OF CANADA LIMITED  
25 KING STREET WEST, TORONTO

## SPORTS NOTICES

### INTERFACULTY HOCKEY

All games played from 6-7.

#### February

Mon., 1—Dent vs. Com.  
Tues., 2—Arts vs. Arch.  
Wed., 3—Eng. vs. Law.  
Thurs., 4—Dent vs. Med.  
Fri., 5—Arch. vs. Com.

### INTERCLASS HOCKEY

#### February

Mon., 1—Com. 2 vs. Com. 3 (2-3)  
Eng. 3 vs. Eng. 2 (5-6)  
Tues. 2—Arts 2 vs. Med. 1 (5-6)  
Wed. 3—Eng. 1 vs. Eng. 4 (5-6)  
Thurs. 4—Arts 1 vs. Arts 4 (2-3)  
Com. 1 vs. Med. 2 (5-6)  
Fri., 5—Med. 3 vs. Eng. 3 (5-6)

### HOCKEY NOTICE

Will any team in the inter-faculty hockey league that wishes to accept a challenge from Strathcona Hall, please get in contact with Bill Johnston, C.P.L. 1150 any noon or evening.

### HOCKEY COUPONS

Student coupons will be honoured at the following home games:

Senior Group vs.—  
Quebec, Feb. 3rd.  
Intercollegiate vs.—  
U. of M. tonight.  
Toronto, Feb. 12th.  
Dartmouth, Feb. 17th.  
Harvard, Feb. 22nd.

### JOUSTING

Will all those interested in taking part in a jousting tournament during the Toronto Game please leave the names at the Tuck Shop or Bill Gentlemen's office.

### SUSPENSIONS

J. Humphreys, Theol.  
M. Fraser, Theol.  
H. McLeod, Theol.  
H. Thatcher, Med. III.  
H. L. Simpson, Theol.

### MCGILL PARK SLIDE NIGHT

The event has been postponed until February 11, due to the lack of snow.
